YOUR ADDRESS

The names and mailing addresses of registrants are listed as they appear in the records of the Board. If any of these addresses are not now correct, the Secretary of the Board should be notified in writing as to the correct address. Registrants should keep the office of the Secretary advised as to all changes of address.

March 1 is the final date for Roster listing and November 1 for the correct mailing address for the RENEWAL NOTICE.

A change of address is made ONLY at the REQUEST of the individual. A new return address on an envelope IS NOT construed as such a request.

TO THE PUBLIC

The registration of professional engineers and land surveyors is required by Chapter 150, 1957 Laws of Montana. Under this law individuals who desire to practice are required to demonstrate to the Board of Registration, which is composed of registered professional engineers, that they are competent and trustworthy. The purpose of this law is probably best stated in the words of the 1957 legislature in Sec. 1, as follows:

"That in order to safeguard life, health and property, and to promote the public welfare, any person in either public or private capacity practicing or offering to practice engineering or land surveying shall hereafter be required to submit evidence that he is qualified so to practice and shall be registered as hereinafter provided. . ."

**BOARD OF REGISTRATION FOR
PROFESSIONAL ENGINEERS AND LAND SURVEYORS**

THIS IS TO CERTIFY, That John Smith
having given satisfactory evidence of the necessary qualifications as required by the laws of the Legislative Assembly of the State of Montana, has been duly registered and hereby authorized to practice

Land Surveying
in the State of Montana

IN TESTIMONY THEREOF, Witness the signature of the Chairman and Secretary under Seal of the Board.

Chairman.

Secretary.

This Certificate of Registration No. OOS will expire
Dec. 31, 1967, unless a renewal is issued in accordance with law.

Individuals who have qualified to practice Professional Engineering or Land Surveying work have one. Some are qualified to practice both. Those who are not qualified do not have one and cannot get one.

The above card is your assurance that the Board has certified the recipient to be properly qualified.

SEE THAT THIS SEAL IS ON YOUR PLANS

Registrants are required to stamp their seal on all plans, plats, specifications, and reports which are filed with public authorities.

There are many efficient and trustworthy men in the State who are capable of doing essential sub-professional work. These instrument men, rodmen, chainmen, inspectors, and other sub-professional men are assistants and technicians who help the professional engineer and land surveyor in his work. There are also a considerable number of Engineers-in-Training. The latter have demonstrated their knowledge of the theory and fundamentals of engineering and are gaining the practical experience necessary to qualify them to take responsible charge of professional work.

Section 24(e) of the Registration Law specifically exempts employees or subordinates doing professional engineering or land surveying work provided they work under the direct responsibility and supervision of a registered individual.

Each year some of these men have gained sufficient experience and knowledge to perform responsible and professional work and obtain certificates of registration after passing a written examination.

THE NATIONAL COUNCIL OF STATE BOARDS OF EXAMINING ENGINEERS

The National Council of State Boards of Engineering Examiners, founded on November 8, 1920, of which Montana is a member, is an advisory and coordinating agency established primarily to assist State Boards of Registration for Professional Engineers in a cooperative effort for more efficient and uniform administration of state registration laws. Its functions and activities include the certification of engineers, jointly with State Boards, for registration by endorsement; and service to state Boards, engineering societies and individual engineers as a national clearing house and information bureau for matters pertaining to the legal registration of professional engineers.

The National Bureau of Engineering Registration is operated as a function of the National Council of State Boards of Engineering Examiners, under the direction of a standing committee of the Council, with an Advisory Board of representatives from national engineering societies. It was established primarily to minimize the effort and expense of engineers desiring to secure registration in more than one state. The Bureau also constitutes a clearing house for state registration authorities, societies and others acting as a reliable source of verified information regarding professional records of engineers.

Engineering registration laws in some form are in effect in all states, District of Columbia, and in Puerto Rico. Practically every Engineering Registration Board is a member and all Boards participate in the activities of the National Council of State Boards of Engineering Examiners.

Information in regard to the activities of the National Council and the work of the National Bureau of Engineering Registration may be obtained by writing to:
